

Cubitt Town Junior School

Tuesday 12th September 2017

Dear Parents/Guardians,

Over the next few weeks Year 6 will be taking part in cycle training. To start off, we have Dr Bike coming into school on Wednesday 13th September to check over the children's bikes to make sure they are road worthy.

If your child would like to have their bikes checked over please make sure they bring their bikes in with them when they come to school and leave them under the shelter in the playground. They will be able to collect their bikes at the end of the day.

Please find attached a form that all children need to have signed in order to take part in the cycle training. These need to be returned to your child's class teacher.

If you have any questions please see me.

Yours sincerely,

Mrs Boyle

TOWER HAMLETS

Medical or Behavioural conditions that the Instructors should be aware of:	
I agree that: <ul style="list-style-type: none"> Where I supply a bicycle for my child I must make sure, it is roadworthy. If I am not sure about this, I should take it to a bike shop. The Instructor may make adjustments and repairs to my child's bike if the instructor believes that there is a problem. Cycling Instructor Ltd will not be held liable for any injury, which is established, may have been prevented or caused by the wearing or not of a helmet. The instructor will advise on the fit of a helmet, but will not necessarily be able to judge from its appearance if it is in good condition. I will tell Cycling Instructor Ltd about any medical condition my child has which may affect the training course. 	<ul style="list-style-type: none"> Cycling Instructor Ltd is not responsible for any injury, loss or damage not caused by an instructor, or which happens outside these lessons, including journeys to and from school. My child may be photographed during this course and the image could be used in publicity for Cycling Instructor Ltd and the funding organisation. By the very nature of outdoor activities it may be necessary for staff to physically interact with children, eg, help fit helmets & hi-viz vests, to prevent a fall or administer first aid. This is in the interests of your child's safety.
